Phone 9341 3399 | reception@bmcmedical.com.au | www.bmcmedical.com.au

Appointments:

Appointments are recommended for consultations. A standard appointment time is 10 – 15 minutes. Consultations such as full medical examinations (Insurance, Employment etc.), minor procedures take additional time. If you think a consultation may need longer time, please let the staff know at the time of making the appointment.

Emergencies will always be given priority and our reception staff will assist you in the appointment.

If you or a family member require an interpreter service, we can organise this for you. Please let us know in advance of the appointment.

Repeat Prescriptions & Referral Letters:

It is in the best interest of your health that you should be seen by a doctor whenever there is a need of repeat prescriptions. This applies specifically to blood pressure pills, diabetic pills and antibiotics. Only in exceptional cases where the patient has attended this surgery within the previous three months for that particular condition, an ongoing referral letter will be made. In both these situations a minimum fee of \$10 may be charged.

Telephone Calls to Doctors:

GPs in this practice may be contacted during normal surgery hours. If the GP is with a patient, a message will be taken and you will be advised by the reception staff when it is likely that the doctor will return your call. However your call will be put through to the GP in an emergency.

Pathology and X-Ray Results:

We recommend that you see the doctor to discuss the results of any test. Reception staffs are not permitted to give results over the phone. . We look forward for your co-operation in this matter.

Home Visits:

Home visits are available for our regular patients whose condition prevents them from attending the surgery.

Bournemouth Medical centre
